Stein-Man Beer Stein Webshop (www.stein-man.de)

All listed prices are from the 15th of September 2013.

Latest worldwide shipping costs can be viewed in the Stein-Man webshop.

Due to German law Stein-Man can not show prices exclusive V.A.T. (19% German Value Added Tax) to public.

Stein-Man Beer Stein webshop automatically calculates if you are subject to the payment of V.A.T. by using details of your home country. To obtain this information you will have log in or register yourself so that the system can determine if you are V.A.T. applicable.

Only European Union customers will have the 19% V.A.T. added to their shopping cart upon checkout.

Customers with a shipping address from outside the European Union will have the V.A.T. deducted during the checkout process (= price divided by 1.19).

Non EU Customers Please Note:

Import duties, taxes and charges are not included in the item price or shipping charges. These charges are the buyer's responsibility. Please check with your country's customs office to determine what these additional costs will be prior to buying. These charges are normally collected by the delivering freight (shipping) company or when you pick the item up ? do not confuse them for additional shipping charges. Stein-Man does not mark merchandise values below value or mark items as "gifts" - US and International government regulations prohibit such behavior.
